ABOUT ME

I am a passionate and dedicated Software Engineering student with a strong interest in technology, problem-solving, and software development. I am currently pursuing my degree with the goal of becoming a skilled and innovative software engineer. I have a solid foundation in programming, data structures, and software design principles, and I am eager to apply my knowledge to real-world projects. I am a quick learner, a team player, and committed to continuous growth in the field of technology.
